**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are a small home-based business that depends on reliable fast internet service to operate our business, it is critical to our success and ability to sustain our selves and provide for our family. Before we used to use slower DSL connections, but they faster cable and fiber connections have allowed us to focus on our business and grow without worrying about internet services. Even more so now that we are living in a rural community where services and options are very limiting. Keep broadband providers open and competitive to allow more choices to the people that use them. Peoples lives depend on it, people business depends on it, and families depend on it.
